4-Year Doctor of Medicine (MD) Program

Empowering the Next Generation of Doctors.

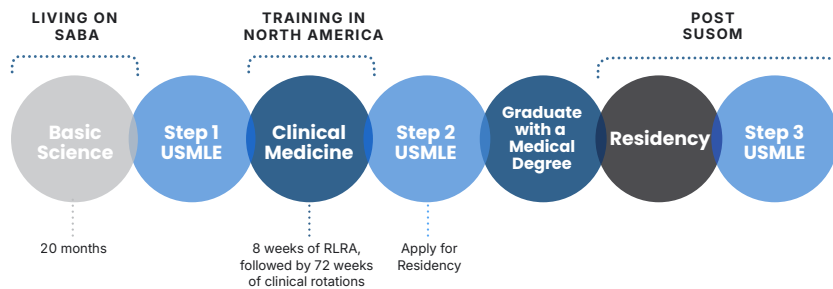

RIZWAN ATTIQ, MD, DABFM, CCFP
Family Medicine | SUSOM Alum 2019

Success Starts Here

Since 1992, Saba University School of Medicine (SUSOM) has proudly shaped practicing medical doctors and future healthcare leaders. Our integrated, systems-based curriculum reflects training offered at premier North American medical institutions and features hands-on education, dedicated faculty members, individualized support, and an inclusive community where students form meaningful connections and bonds.

Your Medical Education

Our MD program spans ten semesters, encompassing Basic Science on Saba during semesters 1-5, followed by Clinical Medicine rotations in the U.S. (core and electives) and Canada (select electives) during semesters 6-10.

"The reason why I lean towards Saba for prospective students would be it's not just that you get an amazing education, the costs are much more reasonable than they are at some other schools. You're still going to be set up in a great place to succeed and... achieve your dreams."

Imran Sumar, MD

Family Physician at Symons Valley FirstCare (AB, Canada) | SUSOM Alum 2014

Our Benefits

Individualized Support

Our dedicated faculty and extensive support services ensure students receive all the academic and personal guidance they may need.

**98% USMLE Step 1
First-Time Pass Rate
in 2024¹**

**98% USMLE Step 2 CK
First-Time Pass Rate
in 2024²**

**99% Three-Year U.S.
Residency Placement Rate³**

3,500+ Graduates

For 30+ years, we've honored our founding vision: delivering quality medical education and training for future physicians.

Living on Saba

Experience the safe and serene island of Saba during Basic Science, where students can focus on their studies and gain individualized attention from faculty.

¹First-time pass rate defined as total number of students passing the USMLE Step 1 on their first attempt divided by the total number of students taking USMLE Step 1 for the first time in calendar year 2024. In order to sit for the USMLE Step 1 exam, the student must successfully complete the Basic Science curriculum and such other prerequisites as the school may establish at its discretion.

²First-time pass rate defined as total number of students passing the USMLE Step 2 CK on their first attempt divided by the total number of students taking USMLE Step 2 CK for the first time in calendar year 2024. In order to sit for the USMLE Step 2 CK exam, the student must successfully complete the Clinical Medicine curriculum and such other prerequisites as the school may establish at its discretion.

³99% Three-Year Residency Placement Rate is the percentage of students attaining a residency position out of all graduates or expected graduates in 2023-24, 2024-25 and 2025-26 who were active applicants in the NRMP match or attained a residency outside the NRMP match.

Tuition Details

Tuition and Administrative Fees	USD
Basic Science Tuition per Term (Semesters 1-5)	\$20,480
Administrative Fee per Term (Semesters 1-5)	\$8,270
Clinical Medicine Tuition per Term (Semesters 6-10)	\$24,950
Administrative Fee per Term (Semesters 6-10)	\$6,050
Total	\$298,750 USD

Please note, tuition details are effective as of September 2026. This chart is not comprehensive – visit saba.edu/admissions/tuition-and-fees for the most complete and current information.

Scholarships and Grants

All students joining us from outside of the U.S. or Canada are eligible for the International Student Scholarship, a \$75,000 USD grant disbursed over the 10 semesters of medical school (exclusively allocated to cover tuition expenses). As well, all new international students are eligible for the \$5,000 USD Opportunity Grant.

Applying to SUSOM

Thanks to the **GUS Med Shared Application**, applying to SUSOM is easy and there is no application fee. Should you wish, it also allows you to apply to other GUS Medical Schools at the same time – Medical University of the Americas and St. Matthew's University School of Medicine. Simply rank them in order of preference and you'll receive admissions decisions from all three.

English Proficiency

Applicants whose principal language is not English may be required to take the Test of English as a Foreign Language (TOEFL) or other comparable English proficiency test.

START DATES	DURATION	STUDY MODES
January, May or September	4 years	Full-time, On-campus

Accreditation Information

SUSOM's accreditor, the **Accreditation Organization of the Netherlands and Flanders (NVAO)**, is recognized by the **World Federation of Medical Education**, and its standards have been deemed comparable to the standards used to accredit medical schools in the United States by the **U.S. Department of Education's National Committee on Foreign Medical Education and Accreditation (NCFMEA)**. SUSOM is the only medical school in the Caribbean to meet the rigorous standards of European accreditation.
