Family Physician | MUA Alum 2019

Seize This Opportunity

Medical University of the Americas (MUA) proudly equips its students with the skills and knowledge they need to succeed as medical doctors practicing in the U.S. and Canada. Our academic program is based on the integrated, systems-based approach in use at many North American medical schools and features hands-on training, knowledgeable faculty members, personalized academic and wellness support, and an inclusive community where students form lifelong bonds.

Path to Practice

Aligned with leading U.S. and Canadian medical schools, our program spans ten semesters, encompassing Basic Science on Nevis (Federation of St. Kitts and Nevis) over semesters 1-5, followed by clinical rotations in the U.S. and Canada during semesters 6-10.

“With small class sizes, an intimate student-to-faculty ratio and knowledgeable professors that will prepare you for the USMLE, I couldn’t recommend MUA highly enough.”

Michael Salze, MD
Resident Physician (Internal Medicine), Kern Medical Center (California) | MUA Alum 2022

Our Benefits

Personalized Support

Students benefit from our 5:1 student-to-faculty ratio and extensive support services.

93% Three-Year U.S. Residency Placement Rate¹

USMLE Success

Our commitment to academic success helps MUA students achieve strong results on required examinations.

1,800+ Graduates

For 25+ years, MUA has been the home of future physicians and healthcare leaders.

Living on Nevis

Study on beautiful and peaceful Nevis, the perfect place to help you focus, study and take full advantage of your medical education.

¹93% Three-Year Residency Placement Rate is the percentage of students attaining a residency position out of all graduates or expected graduates in 2023-24, 2024-25 and 2025-26 who were active applicants in the NRMP match or attained a residency outside the NRMP match.
